Madison, Wis., Dec. 9.—[Special Telegram].—The State of Wisconsin has moved to the Capital city and the college town, where this afternoon the greatest football battle in western history will be played on Randall field. Trains coming from all directions have been unloading the rooters since early morning and hotel corridors and boarding-houses are filled.

Madison itself has taken on a holiday garb. Cardinal bunting, flaming red ribbon and flags decorate the store windows, flap from house tops and flag-staffs, and the tin horn vendors are crying their wares.

"The boys are in excellent shape," said Phil King at noon, "except Watt and Larson. They might be better."

Andy O'Dea, who talks for publication only about once a year, opened his heart and said: "Wisconsin will win the game."

This feeling has crept so close to the friends of the cardinal generally, whether undergrads or alumni, that all the Chicago money which has been shipped here has been covered up and the "wise ones" are looking for more.

Politicians and statesmen from Milwaukee, doctors and lawyers from Janesville, Beloit and Racine, and young men from all the hamlets and villages in the state plunge into the railroad station and ask wildly: "What do King and O'Dea think?" and every one—even the cabmen—seem to know that not only King, but all the men who ever wore a football suit and cardinal stockings are confident that by dusk tonight Wisconsin will be champion of all the west.

Crowd on Randall Field. As early as 12 o'clock the vast crowd

tion announces that today's sale of megaphones amounted to 250. The rooting has been well organized and a systematic effort will be made to cheer the Badger boys to victory.

Last night's practice at Camp Randall was secret but it was given out that "Pat" O'Dea had drop-kicked five out of seven attempts at goal from the 55 yard line.

At the general convocation of students at Library hall last night Dean Gregory spoke on student loyalty to one's alma mater. President Adams suggested that the students refrain from any unseemly demonstrations after the game tonight on account of Prof. Whitney's serious illness.

Meyer Will Captain Beloit Team.

WITH HEAVY LOSS TO THE ENEMY

Gen. Otis Reports Four Recent Engagements With Aguinaldo's Rear Guard.

Washington, Dec. 9.—[Special Telegram].—Gen. Otis' report on the Philippines this morning is more of an encouraging nature. He says:

"A dispatch from Gen. Young yesterday at Vigan says he met the Spanish prisoners who report four engagements on the third inst. between his troops and Aguinaldo's guard near Cervantes, fifty miles southeast of Vigan, with a heavy loss to the enemy who are being pursued. Our loss is one killed and six wounded. The inhabitants of their own accord join the troops in repairing the trail and carrying subsistence. Have pushed a column to San Jose, South of Bangued, Howe's column is on the rear trail. Bathelet's battalion, the Twenty ninth, is out of reach in North Payombang, and is evidently descending the river. The natives report that fighting occurred twenty miles north. Lawton is in Balagan province today with troops to overcome opposition and to scatter the enemy."

ROBERTS EVADES THE QUESTION

Rejected Utah Congressman Appears Before House Special Committee.

DENIES ALL CHARGES

A Delegation From Utah President Will Bear Testimony Against Him.

There Will be Six Days of Solid Debate on the Financial Bill in the House, Beginning Monday Morning and Closing Saturday Night—Majority For it is Likely to be About Fifteen.

Washington, Dec. 9.—[Special Telegram].—When the house special committee met to investigate the case of Roberts met this morning, Roberts submitted a number of legal documents in the shape of demurrers and objections. Then he made a statement to the committee which purports to be a denial of the charges against him, but which evaded the question at issue. There is a delegation from Utah present awaiting an opportunity to testify against Roberts.

Six Days Solid Debate.

There is to be six days solid debate on the house financial bill, beginning on Monday and ending on Saturday night. The vote will come on Monday, Dec. 18, just a week before Christmas, and on the eve of the adjournment for the holidays.

Apparently a week of talk continuously on one subject would be enough to satisfy any one, but the old war horses on the democratic side of the house, whose ideas of statesmanship are largely bounded by their verbosity, are protesting vigorously and declare they will go before the country on this outrage.

This week of talk is for no other purpose than to furnish campaign literature. In all probability it will not result in the changing of a single vote, and the fate of the financial measure, so far as the house is concerned, can be forecast now with absolute accuracy. It will be passed by the full strength of the republicans against the combined strength of the democrats and populists, and the majority will be somewhere in the neighborhood of 15, the exact number depending upon the absentees and unpaired members.

The rule reported cuts off all debate on Saturday night, and the vote will be taken the first thing on Monday. The financial bill then goes regularly to the senate, and the chances are that when it emerges from committee in that body its own father would not be able to recognize it.

Mr. Roberts' Argument.

Mr. Roberts concluded his statement to a committee shortly before noon today. He confined himself to an argument of the legal side of the case, denied the jurisdiction of the committee, and on the sufficiency of the testimony adduced against him so far.

Mr. Roberts conceded the existence of a court record against him showing that he pleaded guilty in 1889 to a misdemeanor under the Edmunds-Tucker act. To question: "Have you since 1890, had plural wives, and lived with them?" he pleaded not guilty.

BULLET PASSED THROUGH HER NECK

Mrs. Helen Waitel Shot by Her Husband at Stevens Point Yesterday.

Stevens Point, Wis., Dec. 9.—Mrs. Helen Waitel was shot late yesterday afternoon on Main street in front of the Citizens' National Bank by her husband, Constantine Waitel. The woman with a companion, Daisy Clark, had just come out of I. Brill's store when Waitel came up behind them, placed the muzzle of his revolver against Mrs. Waitel's neck and fired. The woman staggered back into Brill's store and fell on the floor in a pool of blood.

Waitel was arrested at once and is now in jail. The bullet passed through Mrs. Waitel's neck from an inch beneath the right ear to a similar location on the opposite side, lodging under the skin. She will recover.

Mrs. Waitel who has been arrested and fined several times recently at the instigation of her husband for being an inmate of a disorderly house had commenced suit for a divorce and had just come down from her attorney's office a few minutes before she was shot.

BRUTAL WORK OF THIEVISH TRAMPS

FARMER AND HIS SISTER ASSAULTED AT MADISON.

Woman's Skull and Ribs Fractured—Ruffians Escape but Are Cornered in a Swamp—Corbett Held for Murder of Mr. and Mrs. Cheney at Racine.

Jefferson, Wis., Dec. 9.—The entire country is aroused over a brutal attack made yesterday morning upon John Thoson, a wealthy farmer living near Golden Lake, and his sister, who were set upon in their room by two tramps.

Miss Thoson was so seriously beaten that she will die, while the brother escaped with only a few bruises.

Over 100 men in charge of Sheriff Jaehnik, are on the track of the assailants, who have been cornered in Delafield swamp, where it is expected they will be captured.

Yesterday morning while Thoson was at work in the stable, the tramps surprised Miss Thoson in the kitchen. They seized her and beat her over the head with a club until she sank insensible. Leaving her on the floor, they then turned to the barn, where they encountered the farmer as he was opening the door. Thoson is a powerful man, but he was overcome after a desperate struggle and tied to a post. Thoson succeeded in freeing himself, ran to the home of a neighbor, but he was seen from the window by the tramps, who hastily made their escape, taking only a small watch with them.

Within half an hour the sheriff and a large posse were in pursuit, and before noon the tramps were caught eight in a small swamp. This was surrounded, but in some way the fugitive succeeded in evading their pursuers, and entered the large Delafield swamp.

Miss Thoson's skull has fractured, she has two broken ribs and several severe bruises. She is still unconscious, and the physicians say cannot live.

H. T. CORBETT IS HELD FOR BAIL

Can Mr. and Mrs. Cheney of Racine Identify the Man?

Racine, Wis., Dec. 9.—H. T. Corbett, the Milwaukee man under arrest here on suspicion of being the man seen running away from the residence of the Rev. David B. Cheney on the morning Mr. and Mrs. Cheney were shot, was not taken before the pastor and his wife yesterday for identification. It was not deemed safe or advisable to do so, the brother of Mr. Cheney saying that he did not think the condition of Mrs. Cheney would permit such action, and it may be several days before the man is brought before them.

Corbett stoutly maintains his innocence and says that it is a case of mistaken identity. He was arraigned in the municipal court, and a change of vagrancy was preferred, to which he pleaded not guilty. The case was adjourned to Wednesday next, bail being fixed in the sum of \$100.

TO CUT OFF METHUEN'S RETURN

Boers Cut the Railroad Behind Him After a Hard Fight.

Orange River, Cape Colony, Dec. 9.—The heavy firing reported to have been heard to the northward on Thursday turns out to have been caused by a brisk engagement between some of Lord Methuen's troops sent back from the Modder river and a force of Boers under Prinsloo, which had succeeded in wrecking the railroad at Gras Pan and cutting the telegraph wires to the southward.

Methuen sent a battery and a battalion of infantry back, and after a brief engagement the Boers were forced to retire, and the British troops succeeded in repairing the damage the Boers had done.

Potion of the Boers.

London, Dec. 9.—Gen. Walker has transmitted to the war office Gen. Gatacre's estimate of the enemy in his vicinity, namely: At Dordrecht, 800; marching from Jamestown to Dordrecht, 700, with six guns; at Stormberg Junction, 1,500; at Waterfall, a large force, the strength of which is unknown, and at Molteno, about 400.

Gen. Gatacre is reported to be slowly strengthening his command. He has succeeded in pushing part of his division northward to Arundel, but the numbers of the enemy in the vicinity obviously enforce great caution to prevent an immediate action.

People here are looking hourly for news of important battles. The movements of the British troops for the past few days have shown that they have been mobilizing for a decisive effort, both in Cape Colony and Natal.

MORE PEOPLE TALK OF POLICE CHANGE

CITIZENS CONTINUE TO ARGUE
FOR A BETTER SYSTEM.

The Universal Contention is For the Opening of Headquarters—The Views Expressed by Chief Hogan When He Was Sheriff—The Public Judgement is Unchanged.

December 9.
Total number interviews to date - 54
In favor of change - 47
Non-committal - 5
In favor of present system - 2

Janesville people continue to go on record in favor of a change in the police department, the universal contention being in favor of the establishing of headquarters, so that an officer can be found when one is needed.

In this connection the views of Chief of Police John W. Hogan are also of interest. Chief Hogan refused the expression of an opinion since the present discussion was begun, but his views are found in The Gazette of Wednesday, October 5, 1892. At that time the subject of a change in the police department was being talked of. Chief Hogan was sheriff, and his opinion was asked. The article published at that time closed with this paragraph:

"Sheriff Hogan also declares that the time has come when a police force and a lock-up are needed. The town has grown the last few years, and things are not as they used to be.

"Nobody is better qualified to judge of what the marshal can do than Sheriff Hogan, who held the position for many years, and he insists that a large force is needed."

Interviews with citizens are as follows:

D. Conger For a Change

David Conger—"When I was a member of the council years ago I advocated the establishing of police headquarters. I thought that when the city built the new lockup it was with this idea in view, but it seems not. What the city needs is a man at the station day and night to answer all calls. The officers, during the day, should also be required to account for themselves so that the public shall know where to find them."

W. E. Clinton's Idea

W. E. Clinton—"I am decidedly in favor of police headquarters myself. At my former home in Bloomington, Illinois with a population of 25,000, they had twelve men on the police force at night and eight in the day time."

Rev. W. A. Hall Speaks

Rev. W. A. Hall—"We should have better police arrangements. Crowds of boys have, in the past, disturbed the prayer meetings by congregating about the doors. I have had to disperse them myself, but it is work that the police should do."

Watchman Smith's Plan.

Edward Smith, Night watchman—Police headquarters should be established at the city lockup. Officer Brown can be on duty there in the day time and Officer Beneke at night. As it is now no one can get into the lockup unless he hunts up a city officer to get a key. If a tramp or unfortunate applies to me for shelter, as I cannot get into the lockup, I have to tell him to go and find a city policeman. The lockup is run very mysteriously and Grant's tomb cannot be kept more tightly locked.

Hutchinson Non-committal.

Alderman Fred Hutchinson—I have not given the matter due consideration.

Telephones the Jail.

County Treasurer A. C. Thorpe—The best one can do is to telephone the jail.

Need Headquarters.

E. J. Bennett—We need some place where an officer can be found.

Says "Hogan Knows."

John Watson—Police headquarters are needed. John Hogan is an excellent officer and I think he knows what is best to do.

Men All Right; System Wrong.

Henry Tall—The police are all right here but there is no system to their work. You never know where to find one. One year ago an insane man escaped from the county farm. I saw him at the time but could do nothing because I knew not where to find an officer.

BILLS AND WORTHAM

CAUSING TROUBLE

LOCAL PHONE PROMOTERS

NOW AT MOLINE.

Parties Who Placed the Bower City

Telephone Company in Janesville

Are Accused of Trying to Sell Out

for \$5000 at Moline—They Deny the

Charge.

Messrs Bills & Wortham, who secured a franchise for the Bower City Telephone company of Janesville, are now having a monkey and a parrot of a time at Moline, Ill.

Messrs. Bills & Wortham and Messrs. Kathrens, Waterbury and Butler, promoters working under the name of the Tri Mutual company, have both been after franchises for an independent company at Moline. After Bills & Wortham got into the field the other promoters took after them and cut the prices which they offered.

Bills and Wortham offered business houses 'phones at \$30 per year and residences at \$24 per year, while the Tri-City Mutual company offered rates of \$30 and \$18.

At a meeting of the Business Men's Association when the matter of a recommendation was to be definitely settled, the several promoters and representatives of the Bell company talked telephone for two or three hours and when they were all through Molineites hardly knew where they were at and postponed action indefinitely.

A distinct sensation was sprung when an affidavit from Mr. Waterbury of the Tri-City Mutual company was read alleging that Messrs. Bills and Wortham had offered to sell out for \$5,000.

This brought on a dispute between the two independent representatives which waxed decidedly warm; the one accusing the other of wanting to sell out and the other alleging that his rival had been a traitor to the independent cause.

"Want of Watchfulness

Makes the Thief."

Many cases of poor health come from want of watchfulness. But if you keep your blood pure no thief can steal your health.

The one effective, natural blood purifier is Hood's Sarsaparilla. It never disappoints.

Impure Blood—"Five years I suffered with pimples on face and body. Hood's Sarsaparilla cured me permanently. It also cured my father's carbuncles." ALBERT E. CHASE, Tustin City, Cal.

Catarrh—"Disagreeable catarrhal droppings in my throat made me nervous and dizzy. My liver was torpid. Hood's Sarsaparilla corrected both troubles. My health is very good." Mrs. ELVIRA J. SMILEY, 171 Main St., Auburn, Maine.

EASILY PROVEN.

There is Not the Slightest Necessity for Leaving Janesville to Look for Proof.

The experience given below by this well-known citizen of Janesville is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Janesville cannot ask for any better authority on this point than that given by Veteran A. F. Lee, of 51 Sharon St., carpenter, who says:

For twenty years I troubled me a great deal. Many days I could hardly keep at my work, and my rights should have stood at home and doctored. It was seldom that my back did not ache, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp pains penetrated the kidneys, the secretions from those organs were too frequent and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Dean's Kidney Pills at the People's Drug Co., I took them, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and am now well.

CITY IS RESPONSIBLE.

The question of changing the system upon which the police work is done is one that interests every citizen. Any one of us may have urgent need of police assistance within twenty-four hours. It is certainly no satisfaction to have an officer show up an hour after the lawlessness is perpetrated. We may not need an officer very often, but when we do need one, we need him at once. The wishes of the people who pay the officers are first to be considered, and the sentiment is almost unanimously in favor of establishing police headquarters. Therefore, police headquarters should be established. No opposition has been made to this proposition, because no additional expense would follow. Nine out of ten people readily endorse the plan and even those who oppose enlarging the force are free to state that they favor the opening of headquarters. As it is now, the city maintains a lock-up, but no one is on duty at the building. Each of the three policemen carries a key, but the building is closed to all others. Neither the watchmen, the sheriff and his deputies, or the constables can get into the lockup with a prisoner until a city policeman is hunted up.

Should the lives of human beings be endangered by locking them up in a steel cage, and closing up the outside doors so that no one could liberate the prisoner if a fire broke out? Suppose, under these conditions, a sick man was locked up under the supposition that he was intoxicated. Suppose the man became worse in the night, and called for a physician? Who would hear him? And if the man died, what would his relatives say? Is good business sense shown in running things in this manner? Is this system in accord with our present civilization, or is it a relic of barbarism?

Someone should be placed in charge of the city lockup, day and night. In addition an officer should be stationed there all the time, to answer calls. Then we would have police protection when we need it, not afterward, and the city would be safe from damage suits. If a prisoner in the lockup died while doubly locked up—in a cage as well as in a building—someone would be censured for criminal neglect, and justly, too. Then the city would pay enough in verdict and costs to run an adequate police department for a year or two at least.

The city cannot afford to take the chances imposed by such a lockup system—no more can the citizen afford to take the chances imposed by the present police system.

A reorganization should be brought about, and at once, too. The city should not save at the spigot only to waste at the bung.

Mayor Rose might be able to increase the Dewey monument fund quite materially by an auction sale of the Milwaukee democracy's unredeemed pledges in time to catch the holiday trade.—Milwaukee Sentinel.

Perhaps, but Mayor Rose can hardly be expected to try the plan until after the law to prevent the securing of money under false pretenses is repealed, for democracy's unredeemed pledges are always recognized as the unit of valuelessness.

The matter has resolved itself into a simple proposition "shall the citizen who wants a police officer be compelled to hunt him up, or shall the police department be required to station an officer at headquarters to answer the calls of the people. Shall the policeman or the citizen do the running?" The expense will be the same in either case.

Gen. John M. Palmer, who is at the head of the Sound Money Democracy, indignantly denies that he will support W. J. Bryan. He says Bryan will lose Illinois by 100,000 and that none of the gold democrats of the state will support him.

The opposition journals that have been loudly clamoring for General Wood's advancement, can now be expected to arise to a single one to denounce his appointment as governor-general of Cuba as a "political move."

The popularity of the troll eye line between neighboring cities, is shown by the fact that the Fox River Valley Line earned \$38,544 last year. The line is but seven miles long running from Appleton to Neenah.

The fact that so many harsh sounds issue from the Milwaukee court room when the Plankinton bank case is being heard may be explained by the fact that the opposing attorneys are compelled to go there in order to file their affidavits.

The storm center shifted today from Washington, D. C., to Madison, Wis.

and if the U. W. football team defeats the Chicago team an area of high pressure will be central over the Capital city tonight.

Up to the hour of going to press, the rumor that Hon. Isaac Stephenson had also formed an alliance with Oom Paul had not been confirmed.

Chicago people now sleep soundly in the belief that they are no longer at the mercy of the hoodlums—the city treasury is empty.

Pat O'Dea has a fortune of \$100,000 in his own name. Who wouldn't be a "star kicker" under these circumstances?

The people still rule in Kentucky. Gov. Elect Taylor will be seated and Goebelism is a thing of the past.

The Milwaukee street railway discussion has reached the Payneful, Painful and painful stage.

An Unusual Sale of Suits.

FOR MONDAY, TUESDAY AND WEDNESDAY.

WE are going to have a quiet little suit sale for this week. Mind you we do not advertise to sell \$25 suits for \$6.25 or any such tommyrot which every sensible person instantly recognizes as "fake" of the first water, but we are going to offer such bargains as an intelligent person who understands his business can offer to an intelligent public which is not to be befooled with mere words. We have arranged to sell out the remaining suits of a number of lots which have proven so satisfactory and sold so well that but few of each are left. In view of the fact that we have already done so well with them and that there are but few left anyhow we are going to put on sale these

\$18 and \$20 Suits at \$15

Which is very nearly at cost, but not below. It will not be necessary for us to lose money on these suits in order to get rid of them. They are not that sort. The materials are

FOOTBALL ROOTERS PASS THROUGH HERE

SPECIAL TRAINS ARRIVED THIS MORNING.

On Both the Chicago & Northwestern and the Chicago & St. Paul Roads—Many Attended Game From Here—Chicago Rooters Felt Confident.

During the morning in all Janesville there was no more lively place than at the local passenger station. This was the result of fully 3,000 people arriving from Chicago. They were on their way to Madison to attend the Wisconsin Chicago football game.

On the Chicago & Northwestern road four special trains arrived, each being well filled with rooters who gave vent to their feelings by yelling for Chicago at every point along the road at which the train stopped. At Janesville many of the Chicago passengers got out and walked up and down the platform during the brief stay here. They were all positive that Chicago had the winning team. The majority of the Chicago rooters seemed to be well supplied with money to back up their belief.

At 10 o'clock a special train arrived on the Milwaukee road from Rockford. It made but a short stop here. This train was well filled and the rooters seemed to be about evenly divided as to yelling for Wisconsin or Chicago. From the Mineral Point division many arrived during the morning on the regular trains.

Janesville sent a good sized delegation, it being estimated that fully a hundred went from here, among others being the following:

WARNING TO FARMERS

Must Steer Clear of Patented Device For Raising Cream On Milk.

Wisconsin Agricultural Experiment station, Madison, Dec. 9, 1899.—Information comes to the Experiment station that agents are inducing Wisconsin farmers to invest in patented devices for raising cream on milk by the addition of water to the fresh milk. This system of cream raising is not new and cannot be patented, though particular devices may be; it has been tested over and over again by experiment stations and found valueless. Every farmer who puts money into this business will lose his investment. Our warning is to have nothing to do with agents selling devices for raising cream by the addition of water to fresh milk. In adjoining states agents have already taken tens of thousands of dollars from the farmers, and they are just beginning to work the state of Wisconsin.

DULLER WRITES FROM GIBRALTAR

SEEMS WELL SATISFIED WITH TREATMENT.

Says That the Boat Accommodations Were as Good as the Soldier Boys Expected—Boat Due in Manila One Day Before Christmas—His Health Good.

Frederick Duller of this city, writes local friends an interesting letter, which bears the post-mark of Gibraltar, Spain. The letter was written three days before the boat landed at Gibraltar, and gives a brief but interesting account of life on a government transport.

Mr. Duller after being examined in this city left for Fort Meade, Pa., where he was sworn into service as a volunteer. He at once pressed into service for the Philippine campaign and left the Atlantic coast with several other soldiers on one of Uncle Sam's transport boats, which sailed for Manila via the Mediterranean sea and the Suez canal.

Judging from Mr. Duller's letter, life aboard the transport was not as bad as he had expected. That is, all had been well up to within three days of reaching the coast of Spain. Mr. Duller says their sleeping quarters were good and that there was plenty of room for all soldiers. The meals were plain but the food was wholesome. The soldiers were given all they could eat. For Thanksgiving they were promised turkey. Several fat fowls were taken aboard before sailing so that there would be no disappointment. Mr. Duller writes that the soldiers "pass the time away by playing games of all kinds. They expect to land in Manila on the day before Christmas.

AGED COUPLE FACE THE POOR HOUSE

UNFORTUNATE CASE IN TOWN OF MAGNOLIA.

Mr. and Mrs. David Lange Have Worked Hard All Their Lives, But Now Find Themselves Most Unhappy—Their Hair White as Snow—Both Seem Happy.

Mr. and Mrs. David Lange are an aged couple who reside in the town of Magnolia. Mr. Lange is seventy years of age and his devoted wife is but a few years younger. Officer Kenyon of this city, was recently called to their humble home to investigate the charge that this aged couple were without any means of support and that they only subsisted on what was given them by kind-hearted neighbors. On going to the Lange home Officer Kenyon found the case one of pity and not in the least misrepresented.

This aged couple have worked hard during their lives but unfortunately are now without means of support. They own nothing. What distant relatives they have only made themselves known after Officer Kenyon had made all arrangements to remove Mr. and Mrs. Lange to the poor farm. For the present the two aged unfortunates are being cared for by a distant relative.

How long this will last remains to be seen. Officer Kenyon says that Mr. and Mrs. Lange will eventually both have to go to the poor house. For many years they have made their home in the town of Magnolia where they have always been highly respected. The case is an unfortunate one.

THERE will be no service at Christ church this evening.

Reese, the member of the executive council of the United Mine Workers' association of Iowa who is in jail in Fort Scott, Kan., for contempt of court. The writ was made returnable Dec. 27, when arguments as to the jurisdiction of the Circuit court of Bourbon county, Kansas, in sending Reese to jail will be heard. Bail was fixed at \$3,000.

Plummer will proceed along the railroad with an armored train.

NO DEVELOPMENTS IN PFENNIG CASE

People Interested in His Financial Deals Looking Their Affairs Up.

There were no new developments in the Pfennig case today. People interested in his financial deals are busy verifying their papers. The country people with whom he had the largest dealings, are not, it is probable, yet aware that there is anything wrong.

The following paragraph in last night's paper, was misleading:

"Register of Deeds Rowe asserts that Mr. Pfennig was in the habit of visiting his office and making a copy of mortgages left on file."

Mr. Pfennig did not have access to the "mortgages on file" at the register of deeds office, but used the file at his own office as samples. The records at the register's office are public property and are open to public inspection, but the actual original mortgages on file are private property and are shown to anyone. The above paragraph gave the impression that Mr. Pfennig saw the actual papers at the register's office. The writer did not intend to give this impression, as everyone knows that Mr. Pfennig could have no such liberty granted him.

UTAH HAS BROKEN CONTRACT

May Lose Statehood Because of Failure to Suppress Polygamy.

Washington, Dec. 9.—Representative Taylor, chairman of the special committee which has the Roberts case under consideration, is not only desirous of rebuking Mormonism by shutting the doors of congress against Roberts, but he wishes to make a clean sweep and finish the work he has begun by proving the second part of his proposition, advanced on the floor of the house, namely, that Utah has broken its compact with the United States. Others on the committee would like to prove the same allegation. As far as the Mormon church is concerned, the question is beginning to take a broader aspect, and it appears that Roberts will soon be replaced as the defendant by the state of Utah and by the Mormon church.

One reason Roberts has for not making too vigorous a defense is that the Mormon church has been accused of repudiating all its pledges regarding polygamous practices and to have encouraged openly violations of the law. It has been charged, in and out of congress, that the state of Utah has broken faith with the United States, and some persons assert that the state is liable to be forced back into a territory when polygamy may be stamped out. The right of congress to declare Utah's statehood forfeited is not clearly defined, but there is no doubt that if the breaking of the compact between the United States and Utah should be established, congress could refuse to allow the state representation in congress.

BELVIDERE CHIEF HERE AFTER CLUES

CONSULTS SHERIFF APPLEBY ABOUT ROBBERS.

Rock County's Guardian of the Peace Thinks Same Gang That Robbed Bank at Poplar Grove Broke into the Milton Bank—Securing Valuable Evidence.

Belvidere's chief of police has been spending the greater portion of the week in consultation with Sheriff W. H. Appleby. The head of the police department at Belvidere comes to Rock county to look into clues that may soon lead to the arrest of the guilty parties who blew open the bank at Poplar Grove, Ill., a few nights ago, making away with \$3,000 in cash. Sheriff Appleby believes that he has a good idea of those interested in the work in the Illinois town and that the robbers are now in hiding in Chicago.

The thieves who did the work at Poplar Grove no doubt know all about the job at Milton. They employed the same methods in their work. At both places they stole a horse and buggy in which they made their escape. It is thought that the guilty ones are ex-convicts.

Poplar Grove is still excited over the robbery of the bank and the county authorities have offered a reward of \$250 for the apprehension of the men who did the deed. The sheriff and the chief of police of Belvidere have gone to Chicago to look out for the men in the big city.

We will make a special price on our old reliable 35 cent tea for a limited time, selling the same at 30 cents per pound. Dedrick Bros.

SCARLET FEVER CASES GROW LESS

HEALTH OFFICER FIFIELD REPORTS EIGHT.

Says That Many Homes Are Now Quarantined in the City of Janesville At Present—Need be No Cause for Alarm—No Fear at the Schools.

City Health Officer Dr. George W. Fifield reports that but eight homes are now under quarantine in the city of Janesville as the result of scarlet fever. This number is comparatively small when it is taken into consideration that in many of the surrounding towns the number of cases are over twice as many.

Instead of the disease spreading in Janesville it seems to be losing its hold. Those now ill in this city are mostly children and their cases are not serious.

There is no alarm over the fever finding its way into the public schools. All due precaution is being taken by the physician in charge to confine it to the homes now under quarantine.

Spinal Disease Cured in Four Months

Richard D. Creech, of 1062 Second Street, Appleton, Wisconsin, says:

"Our son Willard was absolutely helpless. His lower limbs were paralyzed, and when we used electricity he could not feel it below his hips. Finally my mother, who lives in Canada, wrote advising the use of Dr. Williams' Pink Pills for Pale People and I bought some. This was when our boy had been on the stretcher for an entire year and helpless for nine months. In six weeks after taking the pills we noted signs of vitality in his legs, and in four months he was able to go to school. It was nothing else in the world that saved the boy than Dr. Williams' Pink Pills for Pale People."—From the *Crescent*, Appleton, Wis.

TRADE HOLDS ITS STRENGTH.

Close of Year Marked by Encouragement—Dun and Bradstreet.

New York, Dec. 9.—R. G. Dun & Co.'s weekly review of trade says:

"The approach of a new year usually brings so much of hesitation in business that the small shrinkage this year is surprising. Probably never before have the productive forces of the country been so largely covered by contracts at this date, insuring employment and profit far into the coming year. This results not from any mere speculative excitement, but from actual demands for consumption running far beyond the producing capacity heretofore, and pushing it to remarkable expansion.

"Wool has advanced further, with much speculative buying, though most manufacturers have supplied wants for the present, and are less disposed to purchase at prices now averaging higher than at any time since June 15, 1891. Higher prices demanded in the interior and rising prices abroad give confidence in spite of the fact that goods have advanced from the lowest point this year, only 19.2 per cent. Cotton is weakened by accounts of large quantities held back. Failures for the week have been 221 in the United States, against 248 last year, and 23 in Canada, against 22 last year."

Bradstreet's says:

"The strength of cereals, notably wheat, this week, is a reflection largely of decreased receipts at the northwest. Wheat, including flour, shipments for the week aggregate 5,133,331 bushels, against 3,699,400 bushels last week. Corn exports for the week aggregate 3,313,680 bushels, against 4,441,514 bushels last week."

May Raise Insurance Rates.
Boston, Mass., Dec. 9.—A great increase in the fire loss of the United States and Canada has caused much talk among insurance men of raising rates generally, and particularly in Chicago and Philadelphia, where the losses have eaten up the premiums. For November alone, there was an increase in loss of over \$1,500,000, while for the eleven months of this year there was an increase of more than \$16,500,000 over the loss for the corresponding periods last year, and over \$25,000,000 increase as compared with 1897. Insurance men see no way of getting even except by raising rates.

Says He Found Ground Glass.
Marshall, Mich., Dec. 9.—The feature of Friday in the Sanderson case was the testimony of Prof. A. B. Prescott of Michigan university, who analyzed the stomach and intestines of the late Rodolphus Sanderson at the request of the prosecuting attorney. He detailed the process of analysis and produced the particles of glass found by him during the examination. He testified that he had also found arsenic and mercury in the organs in sufficient quantity to cause death.

Denounce American Rule.

Santiago de Cuba, Dec. 9.—A meeting held to celebrate the anniversary of the death of Maceo developed a violent patriotic demonstration against the Americans. One prominent colored politician said during the proceedings that the time was nearly ripe for the spirit of free Cuba to leap from the grave of Maceo and to drive the intruders from the island.

Iowa's Official Count.

Des Moines, Iowa, Dec. 9.—The official count of the votes on governor and lieutenant-governor at the last election were completed by the secretary of state Friday, as follows: Governor—Republican 229,543; democrat, 183,326; prohibition, 7,660; populist, 1,694; socialist-labor, 783; united Christian, 483. Gov. Shaw's (rep.) plurality 56,217, majority 45,627.

Alton Jury Is Dismissed.

Alton, Ill., Dec. 9.—The jury in the Alton school case was discharged by Judge Burroughs. The jury was out fifty-five hours and failed to agree. This is the second time the case has been tried. The first trial was a victory for the whites, but the verdict was reversed by the Supreme court and the case remanded for retrial.

SAY LOGAN WAS MURDERED.

Sensational Story Brought to San Francisco from Manila.

MAJOR HAD MADE ENEMIES.

His Overbearing Manner Resented by His Men. Who Are Charged with Shooting Their Leader—Report of Young's Victory—The Negro Uprising.

San Francisco, Cal., Dec. 9.—If stories told by those who returned on the transport Sheridan, which carried the Thirty-third infantry to the Philippines, are true, Major John A. Logan, Jr., may not have met his death at the hands of Filipino sharpshooters, as cable stories have reported. According to the statement of George H. Kappitz, the purser of the Sheridan, supported by others of the crew of the transport, Logan was shot by some of his own men.

Purser Kappitz was disinclined to go into particulars regarding the young major's taking off, but on being pressed to explain some of the circumstances he said:

"Major Logan made himself particularly offensive to the men by his overbearing manner toward those under him, and this feeling was heightened by an incident which occurred one day out at sea. Major Logan had a pet dog to which he was very much attached. One of the soldiers also had a dog which was looked upon as a sort of mascot among the men. It happened that the two dogs got into a fight and Logan's dog came out of the scrimmage the worse for the encounter. Logan was so angered that he seized the soldier's dog and threw him overboard. This action only served to make the feeling more bitter against the officer and a threat was openly made and repeated many times that Logan would not last after the first battle."

The fact is pointed out by the men who returned on the Sheridan that the cable accounts of just how Major Logan received the wound in battle at San Fabian are rather vague and they think this is significant.

REPORT OF GEN. YOUNG'S VICTORY.

His Small Force Wins a Battle Against Heavy Odds.

Manila, Dec. 9.—There was considerable relief in Manila when the news was received that Gen. Young's small force had arrived safely at Vigan, province of South Ilocos, Dec. 6. Anxiety had been felt for Gen. Young and the garrison at Vigan since it was known that Gen. Tino had a large, aggressive body of insurgents operating in the vicinity.

Gen. Tino made a stand in the mountain pass between Narvacan and San Quinto. The natural strength of the position was augmented by trenches and pitfalls.

The fight lasted five hours. Gen. Young had three companies of the Thirty-fourth infantry, under Lieut. Col. Robert L. Howze, and two troops of the Third cavalry. Capt. Swigart commanding, and one troop under Capt. Chase.

He was re-enforced during the fight by Col. Luther R. Hare, with a battalion of the Thirty-third, en route to Vigan. Gen. Young ended the fight by charging and routing the enemy, who left twenty-six dead and several rifles and thousands of rounds of ammunition in the trenches. The enemy employed artillery. Only one American was seriously wounded.

The uprising in the island of Negros was led by the police of La Corlata district, where there is a small American garrison. The police inspired false reports of insurgent victories in Luzon and Panay. There are 250 native police in Negros, uniformed and armed with Springfield rifles.

Lieut. Ledyard, the American officer killed, was a son of the president of the Michigan Central railroad and a popular officer.

He enlisted as a private in the First Connecticut artillery at the outbreak of the Spanish war. He was transferred into the regular service July 9, 1898. He was attached to Gen. Miles' staff during the Porto Rico campaign.

Aguinaldo Cut Off.

Washington, Dec. 9.—The town of Bontoc, toward which Aguinaldo with his bodyguard is said to be retreating, lies in the mountain fastnesses, about fifty-five or sixty miles southeast of Vigan. Directly in his line of march is a considerable American force at Bayombong. To the westward of that point is Wheaton's force, and to the east of Bayombong is an almost impassable mountain range. So, with Young behind him, with Col. Hare close in his rear and his front obstructed, the war department officials feel that Aguinaldo has little chance of escaping to the southward.

Hearing on Freight Rates.

Washington, Dec. 9.—The interstate commerce commission has instituted an investigation in the matter of changes in freight classification and advances in freight rates by carriers using the official classification, and fixed the date of hearing for Dec. 21 at Washington. All the principal roads in official classification territory are required to appear.

Souvenir Coins Nearly Ready.

Washington, Dec. 9.—The secretary of the treasury has ordered the purchase of silver bullion for the special mintage of the Lafayette souvenir dollar. Arrangements are making to mint them on Tuesday the 12th, and it is almost certain that coins will be delivered to subscribers before Christmas.

How hard a mother has to coax before she can get her child to take its first step.

It is just about as hard to induce a confirmed invalid, especially one suffering with weakness of the lungs, to take the first step to health. There is a lack of confidence, and perhaps a crushing experience of a former failure, which depresses and discourages the sufferer.

In spite of doubts and fears you will take the first step to health when you take the first dose of Dr. Pierce's Golden Medical Discovery. It never fails to help. In ninety-eight cases out of one hundred it never fails to cure. Never mind about the symptoms. Obsolete cough, bleeding of the lungs, spitting of blood, emaciation, night sweats, conditions which if neglected or unskillfully treated terminate in consumption, have all been perfectly and permanently cured by "Golden Medical Discovery."

Sick persons are invited to consult Dr. R. V. Pierce by letter, absolutely without fee or charge. Every letter is regarded as sacredly confidential. Each answer is mailed in a plain envelope. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

"My wife was taken sick in August, 1897," writes Wm. Huelbig, Esq., of Benton, Franklin Co., Ill. "The doctors and neighbors pronounced her trouble consumption. I had two physicians but they did not do much good. She coughed night and day, could not lie down for coughing and she got down very low. I thought she never could be cured. Then I got four bottles of Dr. Pierce's Golden Medical Discovery and she took all of it, and is all right now. She is stouter than before we were married. She is taking care of the baby and does all the housework including the washing."

Elegant Xmas Gifts...

The daintiest and most elegant toilet is not complete without a piece of Jewelry. From the earliest times Jewelry has been symbolical of power and royalty. The Romans were not allowed to wear Jewelry except by permission of their Emperor. As a gift nothing could be more pleasing. Such a gift would be useful and ornamental, while serving to recall the giver and the day. Below we enumerate a few of the many appropriate gift articles which we are showing to holiday buyers:

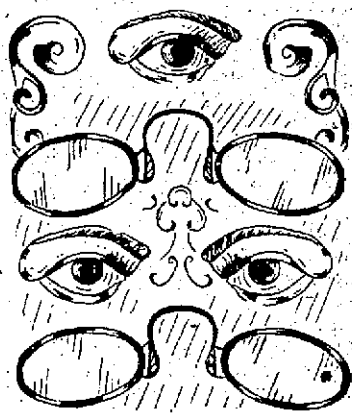

Silk Umbrellas, Mantel Clocks, Cut Glass, Carving Sets in Pearl and Stag Handles, Pearl Handled Table Knives and Fruit Knives, Gold Watches, Toilet Sets, Brushes and Combs in Ebony and Silver, Silver Novelties of every description...

SOMETHING NEW:

Beautiful decorated Art Goods called Louwelsa Goods. This is a line which will pay every lover of art to inspect.

Largest line of Solid Silverware ever purchased for the holiday trade.

ONE GOOD EYE

Is better than two poor ones, but two poor ones can easily be made two good ones if you call on W. F. Hayes, the expert and reliable optician. He will fit you with a pair of glasses that will not only be a help and comfort to you now, but protect and preserve your sight for the future. No greater mistake can be made than to put off wearing glasses. The delicate nerves of the eye will not stand straining, and you cannot cheat them out of the help they call for without permanent injury. Don't neglect so important a matter. For a Christmas present we cannot think of anything that will fill in better for the older people than a nice pair of Gold Bowed Glasses.

Mr. Hayes will be at F. C. Cook & Co.'s store every day until after the holidays.
